DISTINGUISHING FEATURES OF THE CLASS

This position involves responsibility for the skilled use of a telephone, radio, computer, teletype or other equipment in the transmission of communications and dispatching of law enforcement officers, firefighters, medical personnel and other emergency equipment at a county operated emergency services dispatching center. An employee in this class must have a good knowledge of police, fire and ambulance district boundaries and possess the ability to make rapid and sound decisions with a high degree of accuracy and alertness. Work is performed under general supervision in accordance with established procedures, with latitude to use independent judgment in reacting to emergency or life threatening situations. Supervision of others is not ordinarily a responsibility of this position.

MINIMUM QUALIFICATIONS:

Possession of a high school or equivalent diploma and either:

- (A) One (1) year of full time or equivalent experience as an active member of an emergency services organization, including dispatching/radio communications; or
- (B) Three (3) years of volunteer experience as an active member of an emergency services organization, including radio communications.

NOTE: Qualifying positions in an emergency services organization include positions such as firefighter in an organized fire department, law enforcement officer, emergency medical personnel for an ambulance service or similar positions.

SPECIAL REQUIREMENTS:

- (1) Candidate must have a reputation for honesty and trustworthiness. Prior to appointment, candidates will be subject to a post offer, pre-employment background investigation including, but not limited to, a criminal record search to determine suitability for appointment. Conviction of a felony will bar an applicant from examination and/or appointment. Misdemeanor convictions may be disqualifying depending on type, number, severity and recency.
- (2) Appointees, within twelve (12) months, will be required to successfully complete a course in Public Safety Dispatch as sponsored by the New York State Department of State, Office of Fire Prevention and Control, or comparable course, and Emergency Dispatch certification administered by APCO International.
- (3) Appointees, within (12) months, will be required to complete ICS training 100, 200, 700, 800.

NOTE: You must provide complete dates of employment (month/year), number of hours worked per week and a detailed description of your qualifying experience as indicated above.

SUBJECT OF EXAMINATION – EXAMINATION SCOPE

A test designed to evaluate knowledge, skills and /or abilities in the following areas:

- 1. Coding/decoding information** – These questions test for the ability to follow a set of coding rules. Some questions will require you to code information by converting certain information into letters or numbers. Other questions will require you to decode information by determining if the information that has already been converted into letters or numbers is correct. Complete directions will be provided; no previous knowledge of or training in any coding system is required.
- 2. Understanding and interpreting written material** – These questions test for the ability to understand and interpret written material. You will be presented with brief reading passages and will be asked questions about the passages. You should base your answers to the questions **only** on what is presented in the passages and **not** on what you may happen to know about the topic.
- 3. Following directions (maps)** – These questions test your ability to follow physical/geographic directions using street maps or building maps. You will have to read and understand a set of directions and then use them on a simple map.
- 4. Retaining and comprehending spoken information from calls for emergency services** – These questions test for your ability to retain specific information that is heard in calls for emergency service, such as a street address, or to comprehend spoken information from emergency service calls, such as determining the location of a site in relation to landmarks. Simulated 911 calls will be played on audio CD. Immediately following each call, candidates are given audio instructions identifying which questions they are to answer within the test booklet. The questions that candidates are directed to answer for each simulated call will not be in sequential order. Candidates will need to retain and comprehend the information and instruction provided in this portion of the test to respond appropriately to the questions asked and to determine which questions to answer. The time allotted to answer these questions will be limited. At the end of each answer period, the CD will automatically play the next call. Note paper will be provided. Candidates will be permitted to take notes and to refer to them when answering the questions.
- 5. Radio operations and dispatching procedures** – These questions test for knowledge of two-way radio systems and operations, and may cover dispatching procedures when appropriate.

Use of calculators is **ALLOWED**.

Performance Test: A performance test will also be held at a later date, to be announced. The written test will be a ranking test and the performance test will be a qualifying (pass/fail) test. You must pass both the written and performance tests to be considered for appointment. You will not be called to the performance test unless you have passed the written test. Since the performance test is qualifying (pass/fail), if you pass the performance test your final score for the examination will be the score that you achieve on the written test.

Candidates may be invited to the performance test in the order of the scores they achieve on the written test. Sullivan County reserves the right to give the performance test to only as many candidates as are needed to fill available vacancies.

The test will be administered on a conventional personal computer (PC). You will be using a conventional PC keyboard, but you will not be using a mouse.

Subject: The test consists of three parts, each preceded by a separate practice session. It will test your ability to enter the kinds of information that dispatchers and related personnel must process for fire, police, and emergency medical services. You will not need any specific information prior to the test; rather, complete on-screen instructions will tell you all that you need to know in order to take the test. In order to pass, you must enter the data at a rate of at least 6,000 keystrokes per hour (which is equal to typing approximately 20 words per minute), with an accuracy rate of at least 97.5%.

Retest Policy: Candidates who fail the performance test will be permitted a retest which will be given on the same day as the original performance test.

Waivers: If you have passed a 911 keyboarding performance test administered by a local jurisdiction in New York State within five (5) years of the written test, the performance test may be waived. If you request a waiver, you must submit verifiable evidence of qualifying. Information submitted must contain the title, location, and date of the performance test taken, as well as proof of passing.

The New York State Department of Civil Service has not prepared a test guide for this examination. However, candidates may find information in the publication 'General Guide to Written Tests' helpful in preparing for this test. This publication is available on line at: <https://www.cs.ny.gov/testing/testguides.cfm>.
