**Construction Announcement: Pond Eddy Bridge**

To whom it may concern,

Construction is to begin on the new Pond Eddy Crossing Bridge this season. You will begin to see operations move in mid-July, followed by a partial closure of the New York side of the river late-July/Early August. This partial closure will be clearly marked and remain in effect until early summer 2017, at which time it will be relocated to the Pennsylvania side.

This project should not delay local traffic and the existing bridge is to remain open during the project.

We thank you in advance for your patience, and if you have any questions please feel free to contact myself or PennDOT [(570)-963-4013] for more information.

Thank You,  
Sarah Hill  
Project Manager
